Dear Friend,

My name is Liz Walker and I want to tell you to...

... Prepare yourself to learn the **fastest way for Data Entry Workers to make money at home.**

Can you imagine yourself filling out very brief and incredibly simple web forms working from home and for quick and easy cash? How about getting paid for the simplest work possible? Can you type? Then you can do this!

How about if you could make more money than you could in any job? What if you could do this all at home while sitting in your pajamas? Are you excited yet?

**The fastest growing business segment on the Internet is  
Home Based Data Entry Work**

More than 10,000 companies said they realized that by outsourcing their Data Entry positions, they are saving millions in costs associated with employees.

This is amazing news for you!

You obviously can type and have internet access because you're reading this so you can easily do this and supplement your current income, or if you are like most of my other members, you can easily surpass that income and then quit your day job! I did!

**This is the easiest way to make incredible amounts  
of money online, fast... Everyone should know about this!**

You'll immediately realize that The Data Entry Job has built and created a better life for thousands of people around the world just like YOU!

That's right, now it's your turn... Please keep in mind, I have over 17,628 working members - so you're not alone. You are one of many using a true PROVEN system which can generate anyone a great legitimate income while simply entering information into forms working from home.

This is such an easy way to make money especially being online. **You don't need any Special Skills or Experience.** All you need is my exclusive Step by Step instructions inside my members area, and your computer with internet access!

I want you to succeed and FAST so I have put all my secrets, learning experiences and tricks of this new trade in one safe place just for you!

**Work whenever you want**, and from wherever you want or need to! Heck, I even heard of someone who was doing this with a laptop while living in their car. Things had gotten so bad, but they are certainly not living there now!! If they can achieve great results from a place like that, imagine what YOU CAN do.

When do you have to work? You can work any time of day. There are no set times. If you're a night owl like I personally am, then you can work in the middle of the night or at 3am if you want. That's the beauty of this. It's completely up to you! **You work when it's convenient for you.** Most people I hear from work for 1- 4 hours some days when they want to and make fantastic money when they do.

You know what; honestly it doesn't get any easier, simpler or better than this! I mean think about it, all you're doing is logging into my members area, and getting the most recent information you need so you can copy and paste it into the forms. Before you know it your bank account could be exploding with money.

You know what; you could realistically have checks coming in so freaking fast you don't know what to do with them! Seems hard to believe? Take a look at this real life example below of what's possible and how it's so EASY!

**"He makes \$2,000 per week  
... and he's just getting started!"\***

"I was skeptical at first when I saw this because it seemed too good to be true, but after I joined and started working with this program, I realized this was the real deal. I can't believe how easy it is to make money with this!"

**- Adam – Berwickshire, Scotland**

## **"So How Do You Make Money?"**

So let me tell you exactly how it works... First you join The Data Entry Job here. Then you'll get instant access to the Step by Step Tutorials in the exclusive members area that I told you about earlier. Remember now that this access is good for LIFE, so you'll have an incredibly simple way to make money. If you have any hard times ahead, at least you'll know they won't be because of money!

This training will always be updated, so you'll be sure to always have exactly what you need to be the most up to date and successful in your new business.

Once you become a member you simply go on inside where you'll be given access to companies that need YOU to fill out forms for them. There is a HUGE database of them. There is no reason that you couldn't be

making money within the next 5 to 10 minutes!

After all there are as we said literally over 10,000 companies to choose from to do this easy work for. You get to jump right in and browse through this private list we created and maintain so that you get the best possible pick from the companies you want to work with.

Keep in mind, that with all of these companies, there is NO approval process and it's completely FREE to work with them! Every single one of these companies is waiting just to accept you. They are so in search of data entry people. These companies NEED people just like you to fill out these forms for them.

Once you have completed that step of the process then you'll create your accounts to submit data online. It's no big deal. It won't even take you very long at all! I provide you with all the info you need to fill in and submit every single one of these forms. You'll simply copy and paste the data we have created for you in the members area into the forms on these companies websites.

You will be excited to hear that almost all of my members report back how easy it is to make money copying and pasting data into forms; they can't believe how simple it really is! You can start on another, once you submit one form. The more forms you submit, the more money you can make! You can do this anytime you want to make extra money. It's really that easy!

### HERE IS A VERY SIMPLE EXAMPLE OF THE ONLINE FORMS YOU WILL FIND:

## **"In Roughly 1 Hour Per Day Your PEERS Are Making Hundreds Per Day BARELY Working!"**

**"BEFORE, she was living on welfare with 2 young children...**

**.. TODAY, she's making \$45,000+ per year, and lives in her own 2,200 square foot home!"\***

"Hi, I just had to say thank you. I have been taken so much on the internet. And to finally find something helpful and worth the time to go through and really look at is just great. So thanks again for all of your time and hard work in putting this program together."

**- Arlene – Bayside, NY**

What it is that helps these companies to spread the word about their products or services are people exactly like you, who fill out the forms for them every day. You will be helping these companies get new customer leads by filling in the forms and they will pay you a large percentage of commission for it.

I will show you exactly which company forms I fill out that generate me 75% commission of every sale the company makes because of the forms I fill in for them.

You could start getting checks every two weeks right after you join. You could also get your money deposited directly into your bank account when your checks are more than \$5000.

With The Data Entry Job -- there is no easier way to make money on the Internet!

All you simply do is browse through the companies in an online based catalog and pick the ones you want to submit ad forms for. Then you submit the forms, sit back, relax and collect your checks!

**"From dismal \$640 per month ... to over \$50,000 per year!"\***

"When I first saw the info on your site, I must say I was a bit hesitant to go ahead and register. So many times I see websites or get information via email with offers about making money. They always seem too good to be true.

I just wanted to let you guys know that I don't regret making the small investment that has allowed so many other doors to open for me. Before I signed up with the Dataentry job I felt like my life was so routine – but now it's filled with so many interesting, fun and financially rewarding things to do.

I mean, who would have thought you could make a good income with this opportunity of typing data for companies. WOW!! I do have one regret ... that I didn't find the Data Entry Job earlier."

**- Marsha – New Britain, CT**

Anytime you want, just browse through the various online catalogs of companies and choose through the different ones you want to submit forms for. It is absolutely free to work with any of these companies.

## **"Follow These 5 Simple Steps and That's All You Have to Do to Make Money Entering Data From Home!"**

**Step 1:** Choose which company(s) you want to work with from the online based catalog. There's over 10,000 to choose from. There is no approval process and you can instantly start working. None of these companies will ever turn you down.

**Step 2:** Login to your account online. You will have access to all the simple data forms that need to be filled out.

**Step 3:** Copy and paste the data which is provided in the "Members Area" into the online forms. You will have access to all the text you need to copy into the forms.

**Step 4:** Submit the online forms. Fill in as many forms as you like. The more forms you fill out online, the more money you can make.

**Step 5:** Best One of All! You will be paid like clockwork bi-weekly. Just watch your bank account overflow with money. Sit back and relax!

# When Will I Get Paid? How do I get Paid?

You will create your account which tracks how much you made as soon as you join The Data Entry Job.

To see how much you will be paid, just login to your account whenever you want - 24 hours a day, 7 days a week.

I never had a missed payment in all the years I have been doing this because checks are mailed out like clockwork on the 1st and 15th of every month.

The more online forms you submit for these companies, the more money you can make. Many of my members have reported making over \$200 per day. You can be making anywhere from \$25 to \$100+ for every transaction.

**“One of my members earned just over \$12,000 in just 6 weeks and another made \$14,268.31”**

P.S. **Here's another real life example:** This was sent to me from a member of The Data Entry Job about 6 weeks ago that sums it up nicely. See what Jason from New York has to say:

**Now, he makes over \$6,000 a month - from the comfort of his home ...and he only works 1 hour per day! "\***

"I work a full time job. It's a great job, and I really need the benefits, but I always wished I could have a little extra money for a better, newer car. A bit extra to take nicer vacations, buy a new TV, or get my house sided. All those things I just didn't have that little extra money for.

Now I go home from work, eat dinner and watch my favorite TV shows. Then I spend about an hour or so typing data. I just bought myself a brand new 42 inch Sony TV. We are now planning a trip to Hawaii, of course! The best part is that I haven't had to change my life at all. I do all the same things I did before."
